

December 8, 2022

Dear Keystone First/Keystone First Community HealthChoices (CHC) Provider,

The Pennsylvania Department of Human Services (DHS) will implement changes to the statewide preferred drug list (PDL) on January 9, 2023*. As a reminder, DHS requires all Medical Assistance managed care organizations (MCOs) in the physical health HealthChoices and Community HealthChoices plans to adhere to any statewide PDL updates. As such:

- Keystone First and Keystone First CHC continues to adhere to all updates to the preferred and non-preferred status and list of drugs included in the statewide PDL.
 - Please see **Appendix A** for a list of drugs that will be changing formulary status for **Keystone First and Keystone First CHC effective January 9, 2023.**
- Keystone First and Keystone First CHC will continue to use the prior authorization guidelines as required by DHS for drugs included in the statewide PDL.

***Important note: Please keep in mind that up until January 9, 2023, the current version of the statewide PDL is still in effect.**

Reminder:

- Keystone First and Keystone First CHC will maintain a list of preferred and non-preferred drugs in classes that are not included in the statewide PDL. This is called the Supplemental Formulary.
- Medication classes that are not included in the statewide PDL are reviewed and approved by the Keystone First and Keystone First CHC Pharmacy and Therapeutics Committee.
- The process for obtaining prior authorization process remains the same. For more information about prior authorization go to www.keystonefirstpa.com→Pharmacy or www.keystonefirstchc.com→Providers→Pharmacy Services.
