

Take the Annual Mandatory Fraud, Waste, and Abuse Training

At Keystone First and Keystone First Community HealthChoices (CHC), we are committed to detecting and preventing acts of fraud, waste, and abuse (FWA). We would like to remind all providers participating in our network that you are responsible to know and abide by all state and federal FWA laws and requirements. Additionally, all network providers must complete and attest to completion of mandatory FWA training on an annual basis, as required by our contract with the Pennsylvania Department of Human Services (DHS).

Action needed if you have not already completed this mandatory training in 2022
